

# DIGITAL FACTS ABOUT CULTURAL HERITAGE

A growing baseline of digital heritage statistics

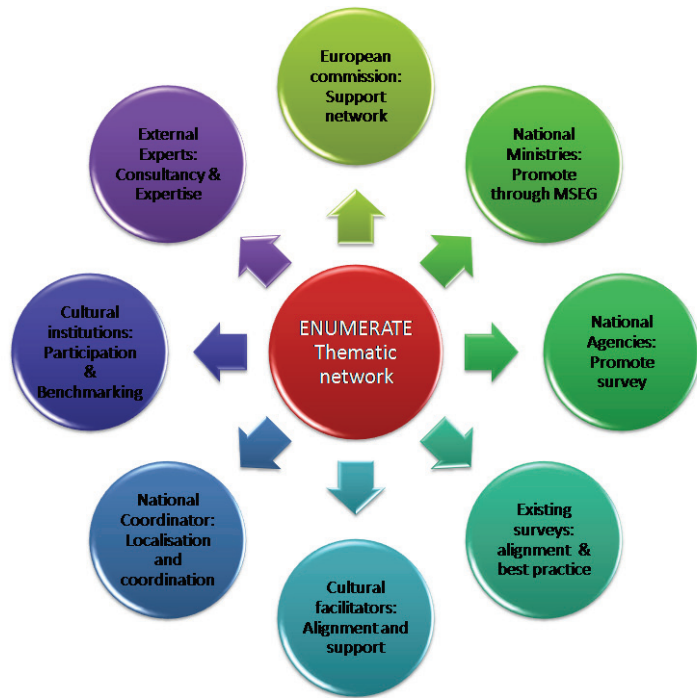

EU-project **ENUMERATE** (2011-2013)

## Wanted!

Intelligence about:

- Size of digital collections
- Costs of digitisation
- Costs of digital preservation
- Use of digital heritage

Join the  
**ENUMERATE THEMATIC NETWORK**  
(start 1 February 2011)

**SIG-STATS: Recommendations**  
*for a follow up to Numeric* (April 2010)

1. Survey design
2. Defining the survey sample
3. Definitions: improving the 'vocabulary'
4. Input-output measures: linking analog heritage to digital representations
5. Calculation of costs
6. Measuring use and access
7. The framework: organization of the EU-survey

Exchange between European and national initiatives to collect statistical information on digital heritage.

**Eurostat/ESS-net**

**The European Library**

**EGMUS**

**Netherlands: De Digitale Feiten**

**Guidelines for**  
 > Measuring born digital heritage  
 > Handling user statistics  
 > Calculating costs of digitisation

**Activities other countries**

**NUMERIC**  
(EU-project 2007-2009)

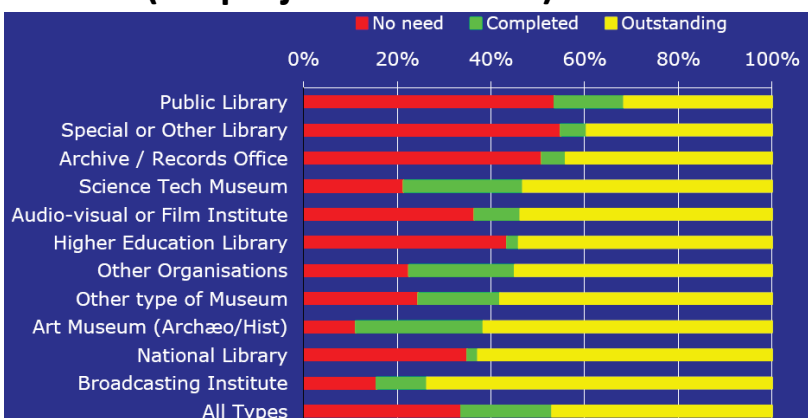

Figure 8 from the Numeric Study Report: Summarised progress of digitisation by type of cultural institution.
